Adoption Process for a Terolyn Horse Rescue, Inc. ("THR") Rescue Equine

1. **Visit.** The first step in the adoption process is to visit us at the ranch and meet the equine in which you have an interest. Through our evaluation we will then determine if you both are a good match.
2. **Boarding inspection.** We will determine if the potential home is suitable for the specific needs of the THR equine. Some of the things we consider are size of property, shelter, feeding schedule, water access, fencing and how well the property is maintained.
3. **Adoption paperwork and fee.** You must be 18 or older to adopt. We will then ask for a completed Adoption Contract and adoption fee. The adoption fee varies by equine and all details of the Adoption Contract are required.
4. **Going home.** At this point in the process, the equine may go home with its new family and get settled in.
5. **Regular inspections.** There will be two home visits within the first six months to ensure that the rescue equine and new family are doing well together and to continue the evaluation of the horse property and equine's overall health.
6. **Brand inspection.** If the new home passes inspections and we believe that our equine is in good hands, we will sign over the brand inspection at six months. The details of the Adoption Contract with THR are in effect for the lifespan of the equine.
7. **A new life together.** Congratulations! You are now the proud family member of a THR rescue equine and you have helped an equine find a loving home.
